UV99 T-STRAP

T-STRAP FOR K-STYLE HANGERS

Use:

Reinforces front edge of gutters and prevents bowing. Excellent choice for areas with heavy snow and ice.

Feature:

The T-Strap is made from 0.060 aluminum, .050 solid copper and .035 stainless steel for maximum strength and stability. It is compatible with all sizes of hangers with T-Strap slots. Installation requires nailing through the top of the roof. Available in aluminum, solid copper and stainless steel.
