

STANDARD SPECIFICATIONS

HR58

External Hanger for Half Round

Standard Hangers:

A. 6" Half Round

Use:

Secures gutter to fascia

Feature:

The HR58 is a one piece hanger made from .048 aluminum. Its curvature provides a decorative look and is easy install. The front and rear tabs fold to secure the gutter in place and does not require a spring/clip like other external half round hangers. Available in 30 painted aluminum colors, solid copper and galvalume plus.
